2007 & 2006

George, Thank you for all your hard work and time. It got to be a rather long and complicated mess at the end, but you did get it to work out and that is all that matters. Good luck in the future and I hope you get some easy deals for a change.

My experience in working with The G-Slow Real Estate Team as a Home Buyer has been a very good experience. I bought my first home with the G-Slow Team, sold my first home with the G-Slow Team, referred my friend to the G-Slow Team with the sale of his home and finally purchased my second home with the G-Slow Team. So buying or selling.....Go with the G-Slow Team!

I was real impressed with George Slowinski. George markets your home in all different websites and he showed me how much my house was reviewed online. George uses many different marketing strategies and gives you updates on the progress of your home. George was great and very professional.

My husband and I worked with George as we were relocating from the East Coast. George was the only realtor that responded to my inquiries and I am eternally thankful that he did. George was so helpful, he was there with us every step of the way from the contract and beyond the closing. Mark and I are so thankful to George and his team.

Thank you for a great work way beyond the call of duty. We have finally settled in and the house is starting to look like a home. I can't say enough about how your team stayed with the program day after day, week after week especially when it was looking pretty dim. Only through sheer determination on you and your team, did it finally get done, again thank you very much for a very professional job!
